Notes to the Financial Statements For the period from 1 September 2016 (date of commencement of operations) to 30 June 2017

NOTE 1: Statement of Significant Accounting Policies

Arminius Capital EMMA Fund (the "Fund") is a registered managed investment scheme under the Corporations Act 2001. The financial report of the Fund is for the period 1 September 2016 to 30 June 2017. This financial report covers the Fund as an individual entity.

The Fund was constituted and registered as a managed investment scheme on 17 August 2016 with the Australian Securities & Investments Commission ("ASIC"). The Fund commenced operations on 1 September 2016. The Responsible Entity is Evolution Trustees Limited ("RE"). The registered office of the RE is Suite 306, Burns Philp Building 5 – 11 Bridge Street, Sydney NSW 2000.

The principal accounting policies applied in the preparation of these financial statements are set out below.

The financial statements were approved by the Board of Directors of the RE on 26 September 2017.

a. Basis of preparation

The financial report is a general purpose financial report that has been prepared in accordance with Australian Accounting Standards, other authoritative pronouncements of the Australian Accounting Standards Board, Australian Accounting Interpretations and the Corporations Act 2001.

The Statement of Financial Position is presented on a liquidity basis. Assets and liabilities are presented in decreasing order of liquidity and are not distinguished between current and non-current. All balances are expected to be recovered or settled within 12 months, except for financial assets and liabilities at fair value through profit or loss and net assets attributable to unitholders. The amount expected to be recorded or settled within 12 months in relation to these balances cannot be reliably determined.

The Fund is a for profit entity for the purposes of preparing the financial statements.

(i) Compliance with International Financial Reporting Standards (IFRS)

The financial report complies with Australian Accounting Standards as issued by the Australian Accounting Standards Board and International Financial Reporting Standards as issued by the International Accounting Standards Board.

(ii) Reporting basis and conventions

The financial report has been prepared on a historical cost basis, except for financial assets and financial liabilities held at fair value through profit or loss, that have been measured at fair value. The financial report is presented in Australian currency, which is also the functional currency.

(iii) Use of estimates and judgments

In the application of accounting policies, management is required to make judgments, estimates and assumptions about carrying values of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstance, the results of which form the basis of making the judgments. Actual results may differ from these estimates.

The significant accounting policies have been consistently applied in the current financial period unless otherwise stated.

Fair value of financial instruments

As at 30 June 2017 the fair values of financial assets recorded in the statement of financial position were measured based on quoted prices of the underlying security in active markets.

b Financial Instruments

(i) Classification

The Fund's investments are classified as at fair value through profit or loss. They comprise:

Financial instruments designated at fair value through profit or loss upon initial recognition

These include financial assets that are not held for trading purposes and which may be sold. These are investments in Australian listed exchange traded funds and investment-grade fixed-income securities.

Financial assets designated at fair value through profit or loss at inception are those that are managed and their performance evaluated on a fair value basis in accordance with the Fund's documented investment strategy. The Fund's policy is for the Investment Manager to evaluate the information about these financial assets on a fair value basis together with other related financial information.

(ii) Recognition/derecognition

The Fund recognises financial assets and financial liabilities on the date it becomes party to the contractual agreement (trade date) and recognises changes in fair value of the financial assets or financial liabilities from this date.

Investments are derecognised when the right to receive cash flows from the investments have expired or the Fund has transferred substantially all risks and rewards of ownership.

(iii) Measurement

(a) Financial assets held at fair value through profit or loss.

Financial assets held at fair value through profit or loss are measured initially at fair value excluding any transaction costs that are directly attributable to the acquisition or issue of the financial asset or financial liability. Transaction costs on financial assets at fair value through profit or loss are expensed immediately. Subsequent to initial recognition, all instruments held at fair value through profit or loss is measured at fair value with changes in their fair value recognised in the Statement of Profit or Loss and Other Comprehensive Income.

- Fair value in an active market

The fair value of financial assets traded in active markets is based on their quoted market prices at the Statement of Financial Position date without any deduction for estimated future selling costs. Financial assets are priced at last traded prices.

**Notes to the Financial Statements
For the period from 1 September 2016 (date of commencement of operations)
to 30 June 2017**

NOTE 1: Statement of Significant Accounting Policies (cont'd)

c. Investment income and expenses

Changes in the fair value of financial instruments are recognized in the Statement of Profit or Loss and Other Comprehensive Income.

Gross proceeds from sale of investments are disclosed in the Statement of Cash Flows.

Dividend income is recognised on an accrual basis on the date the shares are quoted ex dividend.

Interest income is recognised in the Statement of Profit or Loss and Other Comprehensive Income for all financial instruments that are not held at fair value through profit or loss using the effective interest method. Interest income on assets held at fair value through the profit or loss is included in the net gains/(losses) on financial instruments. Other changes in fair value for such instruments are recorded in accordance with the policies described in note 1(b).

All expenses including administration fees are recognised on an accrual basis in the Statement of Profit or Loss and Other Comprehensive Income.

d. Income tax

Under current legislation the Fund is not subject to income tax provided unitholders are presently entitled and taxable income including assessable capital gains is fully distributed to Unitholders.

e. Cash and cash equivalents

Cash and cash equivalents in the Statement of Financial Position comprise cash on hand, demand deposits, short term deposits in banks with original maturities of three months or less and short-term, highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

Short term investments which are not held for the purpose of meeting short-term cash commitments as well as restricted margin accounts are not considered as 'cash and cash equivalents'.

Cash and cash equivalents held in trust and not recognised in the statement of financial position

Pursuant to the Fund's constitution, Fund's Assets exclude application funds where units have not been issued. Cash held in relation to application funds are therefore not available for use in the Fund's operations. All such monies are segregated from the Fund's own cash. At reporting date, the balance of monies held in bank accounts representing application funds for units not yet issued is \$416,346.

f. Goods and services tax (GST)

The GST incurred on the costs of various services provided to the Fund by third parties such as audit fees, custodial services and investment management fees have been passed onto the Fund. The Fund qualifies for Reduced Input Tax Credits (RITC) hence investment administration fees and other expenses have been recognised in the Statement of Profit or Loss and Other Comprehensive Income net of the amount of GST recoverable from the Australian Taxation Office (ATO). Accounts payable are inclusive of GST. The net amount of GST recoverable from the ATO is included in receivables in the statement of financial position. Cash Flows relating to GST are included in the statement of cash flows on a gross basis.

Notes to the Financial Statements For the period from 1 September 2016 (date of commencement of operations) to 30 June 2017

NOTE 1: Statement of Significant Accounting Policies (cont'd)

g. Foreign currency translations

Transactions during the period, including purchases and sales of securities, income and expenses, are translated at the rate of exchange prevailing on the date of the transaction.

Monetary assets and liabilities denominated in foreign currencies are retranslated at the functional currency spot rates of exchange at the reporting date.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates as at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined.

Foreign currency transaction gains and losses on financial instruments, classified as at fair value through profit or loss, are included in the Statement of Profit or Loss and Other Comprehensive Income as part of the 'Change in net fair value of financial instruments.

h. Offsetting financial instruments

Financial assets and financial liabilities are offset and the net amount reported in the Statement of Financial Position if, and only if, there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the asset and settle the liability simultaneously. This is generally not the case with master netting agreements unless one party to the agreement defaults and the related assets and liabilities are presented gross in the Statement of Financial Position.

i. Distributions

In accordance with the Fund's Constitution and applicable taxation legislation, the Fund fully distributes its distributable income to the unitholders by way of cash or reinvestment into the Fund.

The distributions are recognised in the Statement of Profit or Loss and Other Comprehensive Income as finance costs attributable to unitholders.

Distributions to Unitholders comprise the net income of the Fund to which the unitholders are presently entitled. The distributions are payable at the end of each September, December, March and June quarter.

j. Payables

Trade payables and other accounts payable are recognised when the Fund becomes obliged to make future payments resulting from the purchase of goods and services.

k. Receivables

Receivables may include amounts for interest. Interest is accrued at the reporting date from the time of last payment. Amounts are generally received within 30 days of being recorded as receivables. Given the short term nature of receivables, the nominal amount approximates fair value.

l. Applications and redemptions

Applications received for units in the Fund are recorded net of any entry fees payable prior to the issue of units in the Fund. The unit exit price is calculated in accordance with the Constitution of the Fund and is determined by the value of the assets of the Fund less its liabilities adjusted for estimated transaction costs, divided by the number of units on issue.

m. Net assets attributable to unitholders

Units are redeemable at the unitholders' option and are therefore classified as financial liabilities. The units can be put back to the Fund at any time for cash based on the redemption price. The fair value of redeemable units is measured at the redemption amount that is payable (based on the redemption unit price) at the Statement of Financial Position date if unitholders exercised their right to redeem units in the Fund.

n. New accounting standards and interpretations

The Fund has adopted all mandatory standards and amendments for the period beginning 1 September 2016. Adoption of these standards and amendments has not had a material impact on the financial position or performance of the Fund.

Australian Accounting Standards and Interpretations that have recently been issued or amended but are not yet effective have not been adopted by the Fund for the reporting period ended 30 June 2017. The impact of these statements and interpretations has been assessed, to the extent applicable to the Fund and are discussed below. Standards and Interpretations that are not applicable to the Fund have not been included.

AASB 9 – Financial Instruments and related amendment AASB 2009-11

AASB 9 applies to annual reporting periods beginning on or after 1 January 2018 and will therefore apply to the Fund from 1 July 2018. The Fund does not intend to early adopt AASB 9 as permitted by the standard. The application of the standard is not expected to change the measurement basis of any of the Fund's current financial instruments. However, it may impact the presentation and disclosures in the "Financial Statements".

NOTE 4. Capital Risk Management

The Fund manages its net assets attributable to unitholders as capital, notwithstanding net assets attributable to unitholders are classified as a liability. The amount of net assets attributable to unitholders can change significantly on a monthly basis as the Fund is subject to monthly applications and redemptions at the discretion of unitholders.

The Fund monitors the level of monthly applications and redemptions relative to the liquid assets in the Fund. The Fund's investment objective is to produce a high level of growth return whilst carefully managing risk.

Under the terms of the Fund's constitution, the RE has the discretion to reject an application to the Fund, if the exercise of such discretion is in the best interests of Fund investors.

Rupert Clive Smoker (*appointed on 13 April 2016*)
Alexander James Calder (*appointed on 1 September 2016*)
David Roko Grbin (*appointed on 1 September 2016*)
David Lom (*appointed on 13 April 2016 and resigned on 1 September 2016*)
Sophie Ellen McMurray (*appointed on 13 April 2016 and resigned on 1 September 2016*)
David Lom (*alternate director for Rupert Smoker*) (*appointed on 1 September 2016*)

Except for the IM, there were no other persons with responsibility for planning, directing and controlling the activities of the Fund, directly or indirectly during the financial period.

Key management personnel are paid by Evolution Trustees Limited and/or the Investment Manager. Payments made from the Fund to Evolution Trustees Limited do not include any amounts attributable to the compensation of key management personnel.

The Fund has not made, guaranteed or secured, directly or indirectly, any loans to the key management personnel or their personally related entities at any time during the reporting period.

There are no post-employment benefits paid to a director or key management personnel of the Responsible Entity.

Apart from those details disclosed in this note, no key management personnel have entered into a material contract with the Fund and there were no material contracts involving director's interests existing at period end.

NOTE 10. Financial Risk Management

The Fund's activities expose it to a variety of financial risks: market risk (including price risk and interest rate risk), credit risk and liquidity risk and arise from the financial instruments it holds or issues.

The Fund's overall risk management program focuses on ensuring compliance with the Fund's Product Disclosure Statement and investment mandate and seeks to maximise the returns derived for the level of risk to which the Fund is exposed. Financial risk management is carried out by the Investment Manager.

The Investment Manager considers the risk profile of the Fund to be low to medium risk.

Arminius Capital EMMA Fund - ARSN 614 074 449

**Notes to the Financial Statements
For the period from 1 September 2016 (date of commencement of operations)
to 30 June 2017**

NOTE 10. Financial Risk Management (cont'd)

During the financial period, the Fund's investments included listed investment-grade fixed-income securities. Compliance with the Fund's investment mandate is reported to the Board on a quarterly basis.

(i) Price risk

The Fund is exposed to securities price risk. This arises from investments held by the Fund for which prices in the future are uncertain. They are classified on the Statement of Financial Position as at fair value through profit or loss. All securities investments present a risk of loss of capital. The maximum risk resulting from financial instruments is determined by the fair value of the financial instruments.

The IM mitigates this price risk through diversification and a careful selection of securities and other financial instruments within specified limits.

These market risks include changes in a company's internal operations or management, global economic factors and also relate to changes in taxation policy, monetary policy, interest rates and statutory requirements.

The sensitivity analysis is based on a generic approach using +/- 10% to provide a benchmark for demonstrating sensitivity to changes in various risk parameters.

At 30 June, had the underlying market value of the investments moved, as illustrated in the table below, with all other variables held constant, the profit from operating activities and net assets attributable to unitholders would have been affected as follows:

	Impact on operating profit Higher/(Lower) 30 June 2017 \$	Net assets attributable to unitholders Higher/(Lower) 30 June 2017 \$
Portfolio Value + 10%	206,166	206,166
Portfolio Value - 10%	(206,166)	(206,166)

(ii) Interest rate risk

The Fund's interest bearing financial instruments expose it to risks associated with the effect of fluctuations in the prevailing level of market interest rates on its financial position and cash flows.

The Fund's exposure to interest rate risk, which is the risk that a financial instrument's value will fluctuate as a result of changes in market interest rates and the effective weighted average interest rates on classes of financial assets and liabilities, is as follows:

	Weighted Average Effective Interest 2017 %	Floating Interest Rate 2017 \$	Fixed Interest Rate 2017 \$	Non Interest Bearing 2017 \$	Total 2017 \$
Financial Assets:					
Cash and cash equivalents	1.4%	1,211,135		-	1,211,135
Receivables		-	-	34,879	34,879
Financial assets at fair value through profit or loss	3.12%	2,061,664	-	-	2,061,664
Total Financial Assets		3,272,799	-	34,879	3,307,678
Financial Liabilities (excluding unitholders)					
Payables		-	-	20,681	20,681
Distributions payable		-	-	43,302	43,302
Total Financial Liabilities		-	-	63,983	63,983
Net exposure		3,272,799	-	(29,104)	3,243,695

The following table demonstrates the sensitivity of the Fund's profit / (loss) for the period to a reasonably possible change in interest rates, with all other variables held constant. The sensitivity of the profit / (loss) for the period is the effect of the assumed changes in interest rates on the net interest income/expense for one year, based on the floating rate financial assets and liabilities:

	Impact on operating profit Higher/(Lower) 2017 \$	Net assets attributable to unitholders Higher/(Lower) 2017 \$
Interest rates +0.5%	16,364	16,364
Interest rates -0.5%	(16,364)	(16,364)

(iii) Liquidity risk

Liquidity risk is the risk that an entity will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial asset. This risk is controlled through the Fund's investments in financial instruments, which under normal market conditions are readily convertible to cash. In addition, the Fund maintains sufficient cash and cash equivalents to meet normal operating requirements.

All financial liabilities have a maturity term within three months, other than net assets attributable to unitholders described below.

The liquidity risks associated with the need to satisfy unitholders' requests for redemptions are mitigated by maintaining a pool of cash and liquid assets to satisfy usual levels of redemptions. The Fund's policy is to hold the majority of its assets in listed investment-grade fixed-income securities and cash. The IM considers the Fund's holdings of fixed income securities can be realized as cash within ten days in the normal course of trading.

The minimum withdrawal is \$1,000 per request.

Proceeds of a properly completed request for withdrawal received by 3:00 pm Melbourne time on a Friday that is a business day are usually paid within 10 business days after the withdrawal is processed but may take longer in some circumstances (up to 21 days).

In certain circumstances, such as a freeze on withdrawals or where the Fund is illiquid (as defined in the Corporations Act), the investor may have to wait a longer period of time before the investor can redeem the investment. Redemptions can be delayed for such period as considered reasonable in all circumstances if:

- there are not enough investments which can easily be turned into cash
- something outside Australian Fiduciaries Limited's control impacts on our ability to properly or fairly calculate the unit price or

The table below summarises the maturity profile of the Fund's financial liabilities, gross-settled derivatives and redeemable shares based on contractual undiscounted cash flows.

Maturity Analysis	Less than 3 months \$	3 months to 1 year \$	More than 1 year \$	Total \$
Payables	20,681	-	-	20,681
Distributions payable	43,302	-	-	43,302
Net assets attributable to unitholders	3,243,695	-	-	3,243,695

NOTE 10. Financial Risk Management (cont'd)

(v) Credit risk

The Fund's exposure to credit risk arises from potential default of the counterparty, with a maximum exposure equal to the carrying amount of the financial assets. Other credit risk arises from cash and cash equivalents, deposits with banks and other financial institutions and amounts due from brokers. None of these assets are impaired. The Fund enters into financial instruments with reputable counterparties (e.g. brokers, custodian and banks).

The Fund held investments only in listed exchange traded funds and investment-grade fixed-income securities. As at June 30, 2017 the credit ratings of these securities based on Standard and Poor's were as follows:

Ratings	\$
AA-	691,932
A+	236,017
BBB+	674,751
BBB	343,573
Unrated	115,391
	<u><u>2,061,664</u></u>

The carrying amount of financial assets approximates fair value as at the reporting date.

(vi) Fair value measurement

Financial instruments carried at fair value are categorised under a three level hierarchy, reflecting the availability of observable market inputs when estimating the fair value. If different levels of inputs are used to measure a financial instrument's fair value, the classification within the hierarchy is based on the lowest level input that is significant to the fair value measurement. The three levels are:

Level 1: Valued by reference to quoted prices in active markets for identical assets or liabilities. These quoted prices represent actual and regularly occurring market transactions on an arms-length basis.

Level 2: Valued using inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (as prices) or indirectly (derived from prices), including: quoted prices in active markets for similar assets or liabilities, quoted prices in markets in which there are few transactions for identical or similar assets or liabilities, and other inputs that are not quoted prices but are observable for the asset or liability.

Level 3: Valued in whole or in part using valuation techniques or models that are based on unobservable inputs that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data. Unobservable inputs are determined based on the best information available, which might include the Fund's own data, reflecting the Fund's own assumptions about the assumptions that market participants would use in pricing the asset or liability. Valuation techniques are used to the extent that observable inputs are not available.

(vi) Fair value measurement (cont'd)

The following table shows an analysis of financial instruments held at the balance date, recorded at fair value by level of the fair value hierarchy:

2017	Level 1	Level 2	Level 3	Total
	\$	\$	\$	\$
<i>Financial assets at fair value through profit and loss</i>				
Listed exchange traded funds and investment-grade fixed-income securities	2,061,664	-	-	2,061,664
Total	<u>2,061,664</u>	<u>-</u>	<u>-</u>	<u>2,061,664</u>

There were no movements between levels during the period.

NOTE 11. Contingencies

There were no contingent liabilities or assets or commitments at 30 June 2017.

NOTE 12. Remuneration of the auditor

The costs of auditing the financial statements are paid directly by the Investment Manager. Auditors Remuneration (excluding GST) for the financial period ended 30 June 2017 was \$8,000. As at 30 June 2017, the audit fees payable were \$8,000.

NOTE 13. Events subsequent to balance date

There were no events after the balance sheet date which would have an impact on the financial position of the Fund as at 30 June 2017.

Independent Auditor's Report to the Members of Arminius Capital EMMA Fund

Auditor's Opinion

We have audited the financial report of Arminius Capital EMMA Fund (the Scheme), which comprises the statement of financial position as at 30 June 2017, the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the period then ended, and notes to the financial statements, including a summary of significant accounting policies, and the directors' declaration.

In our opinion, the accompanying financial report of Arminius Capital EMMA Fund is in accordance with the *Corporations Act 2001*, including:

- a giving a true and fair view of the Scheme's financial position as at 30 June 2017 and of its performance for the period ended on that date; and
- b complying with Australian Accounting Standards and the *Corporations Regulations 2001*.

Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report. We are independent of the Scheme in accordance with the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Information other than the Financial Report and Auditor's Report

The Directors of the Responsible Entity are responsible for the other information. The other information comprises the information included in the Scheme's Directors' Report for the period ended 30 June 2017, but does not include the financial report and our auditor's report thereon.

'Grant Thornton' refers to the brand under which the Grant Thornton member firms provide assurance, tax and advisory services to their clients and/or refers to one or more member firms, as the context requires. Grant Thornton Australia Ltd is a member firm of Grant Thornton International Ltd (GTIL). GTIL and the member firms are not a worldwide partnership. GTIL and each member firm is a separate legal entity. Services are delivered by the member firms. GTIL does not provide services to clients. GTIL and its member firms are not agents of, and do not obligate one another and are not liable for one another's acts or omissions. In the Australian context only, the use of the term 'Grant Thornton' may refer to Grant Thornton Australia Limited ABN 41 127 556 389 and its Australian subsidiaries and related entities. GTIL is not an Australian related entity to Grant Thornton Australia Limited.

Liability limited by a scheme approved under Professional Standards Legislation.

Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Directors of the Responsible Entity for the Financial Report

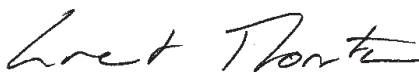

The Directors of the Responsible Entity of the Scheme are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001*. The Directors of the Responsible Entity responsibility also includes such internal control as the Directors of the Responsible Entity determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the Directors of the Responsible Entity are responsible for assessing the Scheme's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Scheme or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

A further description of our responsibilities for the audit of the financial report is located at the Auditing and Assurance Standards Board website at: http://www.auasb.gov.au/auditors_files/ar3.pdf. This description forms part of our auditor's report.
